The Tata Building India School Essay Competition is one of the key initiatives undertaken by the Tata Group to motivate the youth and foster the spirit of nation building. Now in its 16th edition, this is India's largest and most prestigious school essay competition, with school students participating from 400+ cities, writing in more than 10 languages.

## The Format

The essay competition is a two-phase activity across all the participating schools in the country for students of classes 6th – 12th. The first phase consists of showcasing inspirational Tata-linked films which hopefully stimulate young minds to think about the nation. Following this, the students are asked to write an essay on a given topic of national significance. To ensure a level playing field, the students are divided into two participating categories across all languages (Junior - classes 6<sup>th</sup> to 8<sup>th</sup> and Senior - classes 9<sup>th</sup> to 12<sup>th</sup>).

The essay, written only once by the students, is evaluated at school level and thereafter winning school essays are evaluated by judges drawn from independent academic and literary circles for city and national level, in each language.

TCS iON – A division of Tata Consultancy Services, is responsible for executing the Tata Building India School Essay Competition across India.

## Rewards and Recognition

The winners are rewarded at each level and special functions are held to felicitate city level winners and national level winners. Prizes at school level include certificates and medals. The city winners and the runners-up receive online gift vouchers, e-certificates and e-medals. The national level winners receive online gift vouchers of significant value as the grand prize as also e-certificates and e-medals. The crowning moment for the national winners and the runners-up is the intended visit to the Rashtrapati Bhavan and a face-to-face meeting with a national dignitary.

The support and feedback of the teaching fraternity, school authorities, parents and students have always been forthcoming and are very valuable, which make this initiative truly meaningful and helpful in igniting the imagination of young minds for the progress of the nation.

Congratulating the winners of the Tata Building India Essay Competition, the former President of India, Late Dr. APJ Abdul Kalam said, **"The ignited mind of the youth is the most powerful resource on the earth, above the earth and under the earth..."**
