Subject: CBSE Skill Expo and Guidance Festival – 2023

Greetings from CBSE for 77th Independence Day!

CBSE organized Skill Expo cum Awareness Workshops on Skill Courses for the Principals and Teachers of CBSE affiliated schools, at Panipat (Haryana), Agra and Lucknow (Uttar Pradesh) in the year of 2022 to create awareness for skills along with recognizing the importance of skills.

In addition, CBSE in association with Lifology Foundation, organized National Guidance Festival for students & parents of class VIII-XII in the month of September, 2022 in digital mode to provide information on future careers, skillsets to excel and a clear plan regarding "Which career paths to choose and How to reach the destination". The event was a great success in meeting its objectives towards creating awareness about different career paths to the students.

Also, NEP 2020 has emphasized the importance of scientific guidance for children at schools. The real question is 'How to decide What to become in Future' This decision becomes tough and complex in the current scenario where a lot of changes are happening in the world of careers which signifies the role of scientific Career and Skill Guidance at school.

In this context, CBSE intends to integrate both these events i.e. Skill Expo and National Guidance Festival into **Skill Expo and Guidance Festival – 2023** with a view to organize regional events comprising all regions of the Board leading to a National level event with an aim to encourage the creativity, innovate and also to foster peer learning of students, teachers and principals alike.

Benefits for participation in the event:

- **Inspiring Dreams:** Inspire young minds to dream big by showcasing success stories and role models from various fields, motivating them to strive for their skill development and aspirations.
- **Exploring Pathways:** Help students discover a wide range of skilling and career paths available to them, empowering them to make informed choices about their future.
- **Industry Insights:** Offer insights into current industry trends and emerging fields, helping students align their skill development and educational choices with the demands of the job market.
- **Job Ready Skills:** Orient students about the job ready skills of future such as AI, Robotics, Data Science, Genomics and so on. Give students right exposure to the fields and guide them on decision making.

CENTRAL BOARD OF SECONDARY EDUCATION

(An Autonomous Organization Under the Ministry of Education, Govt. of India)

- **21st Century Skills:** Expose students to the need for essential skills like communication, critical thinking, and adaptability, preparing them for the ever-evolving job market.
- **Guidance and Counselling:** Provide expert guidance and group counselling sessions to assist students in understanding their strengths, interests, skill development and potential career options.
- **Parental Involvement:** Engage parents in the skill development and career planning process to create a supportive environment at home, facilitating better decision-making by students.
- **Holistic Profile:** orient the participants to focus not only on academic excellence but also on skill development, overall personal growth, emphasizing the importance of well-rounded development for successful careers.
