

Scholars Summit 2024

(An initiative by IIM Alumni)

Summer Program on
New Age Careers &
Leadership Skills
for High Schoolers

First-of-its-kind in Chandigarh

 brighter beings
LEARN WHAT MATTERS

Venue:  ISB |  aic
Indian School of Business

The world is different today. So should the education be.

Scholars Summit 2024 has been meticulously crafted to cater to the aspirations of bright high school students who aspire to prepare for new-age careers and high growth professions.

The Summit will be a **7 day in-person learning experience** tailored to make you aware of the latest career trends, equip you with relevant skills, and unlock your full potential.

#MappingYourTomorrow

Who is it for?

- **High Schoolers (9th-12th grade) or Home Schoolers (age 13-17 years)** aspiring to explore new-age careers.
- Students who love diving into learning with group activities and discussions! 🌟
- Students who are excited to attend every session! 😊

PROGRAM MODULES

New-Age Careers and Professional Pathways: Discovering Opportunities

01

Expand your career 'Choice Set' by knowing about the realm of possibilities that extend beyond traditional pathways like JEE, NEET, or CLAT.

A comprehensive **5-hour snapshot on new-age career options, admission processes, skills in demand & standardized tests (SAT/ACT) overview.**

Session Facilitator

Pawan Kumar

MBA, IIM Indore
Associate Director, Plaksha University
15+ years experience in New Age Education Programs

The Art of Enquiry: Asking the Right Questions

02

A rare but highly valued skill among leaders across multiple fields.

In this **5-hour module**, the participants shall learn **techniques to ask the right questions**, frameworks for effective inquiry, understanding the '**Why**' behind tasks at hand, and **using data** to challenge assumptions.

The module is aimed at equipping the participants to channelize their curiosity to dig out relevant insights.
