About Wildlife Week 2024

World Wildlife week will be celebrated from 2 to 8 October 2024. The main objective of this campaign is to promote the conservation and protection of animal life. It teaches people about the animal's life and encourages them to save a large number of animals by not killing them for their own food or for other purposes.

About The Earth Association

The Earth Association is an active organisation which works diligently in the field of environment to protect nature and natural resources for sustainable development. We create awareness among the mass about environmental issues via various social activities. It has successfully conducted various activities for environment protection in collaboration with famous schools, colleges, Universities and NGOs.
